Dear Colleague,

We invite you to promote your company's products and services to Wisconsin's energy industry leaders at the 2011 Green Energy Summit, March 9-11, at the Frontier Airlines Center in Milwaukee, Wisconsin.

Your company's presence in the exhibit hall will let you reach installers, manufacturers, suppliers, business owners, educators, and policy makers in the industry. More than 2,700 attended last year's Summit, and we expect more attendees in 2011.

The eighth annual Summit, *The Green Frontier – Historic Changes, Unprecedented Opportunities*, begins Wednesday, March 9 with Green Business Day; Thursday continues with Green Energy Day; Friday is Green Career Pathways/Sustainability Day; Saturday features workshops.

Each exhibitor receives two Exhibitor Registrations this year, and they may be shared by more than one of your staff members. Note: This year we have dedicated a larger portion of the Summit agenda to exhibit time, including refreshment breaks. Other exhibit hall enhancements are in the works, and will be discussed in our confirmation to you. A written confirmation will go to all exhibitors by February 20, including complete Summit scheduling information. Upon confirmation of your exhibit space, your primary contact will receive a request via email regarding booth staff and attendee information.

To learn more about the Summit and exhibitor registration, please visit our web site at www.greenenergysummit.us. Go to the Exhibits section of the Summit web page to check available booth spaces, fee structure, and our sponsors and partners that have already reserved their place on the show floor. You may also mail in hard copy registration and send along with your payment.

We invite you to consider becoming a sponsor or submitting a presentation proposal. Please visit www.greenenergysummit.us to learn more about these opportunities.

Sincerely,

Ed Blume, RENEW Wisconsin, eblume@renewwisconsin.org
