

CALL FOR PRESENTATIONS

2010 Green Energy Summit

Renewables, Energy Efficiency, Sustainability, Green Business,
Social Responsibility, Green Career Pathways, Water

Be part of the 7th Annual Green Energy Summit

The New Green Economy *Opportunities & Challenges*

Wednesday, March 24 - Friday, March 26, 2010 at Midwest Airlines Center, Milwaukee

(Formerly Wisconsin Renewable Energy Summit)

The Wisconsin Technical College System Foundation, academic institutions, corporations, and non-profit organizations are proud to present this extraordinary opportunity for paper and poster presenters at the 2010 Green Energy Summit.

The Summit is hosted by Milwaukee Area Technical College and will be held March 24-26, 2010, at the Midwest Airlines Center in Milwaukee, Wisconsin. Individuals who apply to present at the 2010 Green Energy Summit must submit a title and abstract for their presentation no later than **January 10, 2010**. See the accompanying form that must be completed and submitted with your abstract.

The Summit will focus on "*The New Green Economy: Opportunities and Challenges*" in three topical groupings. Please select the appropriate topical grouping number and date for your presentation. There will be plenary sessions followed by breakout sessions focused on the themes (see submission form, next page). Each 90-minute breakout session will accommodate 4 to 5 speakers. Poster presenters should plan on standing by their posters for approximately two-hours.

Conditions

- Abstracts may be submitted starting **November 1, 2009**, and must be received by **January 10, 2010**.
- The Summit Planning Committee will notify all individuals by **February 10, 2010**, regarding acceptance.
- Abstracts and registrations will be accepted only through online submissions.
- All presenters must register for the Summit. Presenters will receive one complimentary registration for the day they are presenting. Additional registration dates are at the standard rate of \$125 per day or \$250 for the full Summit. Student registration is free.
- It is requested that the presenter grant permission for the WTCS Foundation to post their PowerPoint on the Summit web site (www.greenenergysummit.us) for the following year (March 2010 to March 2011).
- Presenters are responsible for their own handouts. By making your presentation available on our website, handouts may be unnecessary.
- No person may present more than two papers as author or primary coauthor.
- No monetary compensation is offered for presentations. Complimentary admission to Summit sessions for the day constitutes full compensation

Hotel Accommodations

We recommend that presenters traveling to Milwaukee for the 2010 Green Energy Summit make their travel and lodging arrangements in advance. The Visit Milwaukee website (www.visitmilwaukee.org) offers a directory of area hotels, many of which are in the downtown Milwaukee area and within walking distance of the Midwest Airlines Center.

PAPER Presenter Abstract Submission Form

Each paper presenter whose abstract is accepted should plan for a **fifteen-minute** presentation followed by five-minutes for Q&A with the audience. **Items with an asterisk are required fields.**

*Name _____ *Date _____

*Title _____ *Affiliation _____

Applicants that want to present specifically to these populations should apply to present as part of MAWIB's program.

Biography

Copy and paste your bio, 250 words maximum, into this form.

*Abstract (250 word maximum):

Type and save your abstract on your computer; maximum 250 words; copy and paste your abstract into this form.

I will need presentation equipment support for a PowerPoint DVD Presentation.

I hereby grant permission to post my PowerPoint on the Green Energy Summit website for the year following the Summit.

I will submit my PowerPoint online at www.greenenergysummit.us by March 1, 2010.

Summit presenters who require digital presentation equipment (DVD player or laptop computer, digital projector, and/or projection screen) must request this equipment in advance. The laptops provided are PC's. If a Macintosh laptop is required for the presentation, the presenter is advised to bring their own and arrive well in advance to plug into the available projector.

Please check over form to make sure all required fields are complete before submitting.
